

Six compelling reasons to become a BG Bride:

- 1. Weddings is my specialty – not a sideline.** That's what I've been doing for about 25 years. Hey, you'll be looking at these photos for a lifetime: you want to make sure your photographer knows how to capture the wonderful memories of this wonderful day.
- 2. Dedication.** I pride myself in working hard to ensure that your wedding day is fun, easy and stress free. (Well, as stress-free as we can make it, anyhow!) I truly care about my clients. I love hearing about your love story, your wedding plans and just getting to know you.
- 3. Client Support.** You'll benefit from the ideas and resources that all "BG Brides" get. Let's work together to create some awesome pictures!
- 4. Creativity.** I will capture those sweet kisses. The laughter. And simply the joy you have when you are with the person you love. Trust me: I have dozens of references (ask me!) who will tell you how I work.
- 5. Resources.** My long tenure in the Triad wedding business can help you! I know who the top people are in all the other categories -- venues, florists, DJs, caterers, limousines, and so on. As a Member of the Triad Bridal Association, I work with nothing but the Best Vendors: I'm happy to help you sort out your needs.
- 6. I care!** I love having fun with my clients. But I also truly understand the trust and investment you put into my hands when you select me as your wedding photographer. This is your special day and I take it very seriously. I value you as my client and I am honored to be a part of your big day !

General Description of Wedding Day Services

I will arrive generally app. 2 hours prior to the ceremony at the place of the event (or any time requested by the Bride and Groom).

As many pictures as possible are done before the ceremony including pictures from the site, dress, preparations, guest arrival etc.

First, the groom and his friends and family have their picture taken and the Bride and her friends and family will be photographed after that. (Or vice-a versa, your choice)

On rare occasions, ALL the pictures, including the Bride's and Groom's together, could be taken ahead of the ceremony. The final decision however is made in advance by the Bride and Groom depending on if they like to see each other or not before the ceremony.

During the ceremony, if possible, no flash photography is preferred and in many cases required by the place of the event (for instance a church).

After the ceremony the remaining pictures (the "Formals") are taken. If all the people, who are supposedly to be in the photographs are available and present, the time needed for these pictures should, on average, not exceed app. 35 minutes. My goal is to create beautiful memories in the least amount of time necessary to proceed to the reception as quickly as possible. Family members and friends may take photographs during that time, as long as they do not interfere with my work. However, please note that this could add some additional time.

I will cover the arrival of the Bride and Groom at the reception and the introduction. All the important photographs are taken during the reception from the cutting of the cake, first dance, father/daughter dances etc. A lot of candid shots will be taken as well to capture all the precious moments.

2. When can I see my photographs?

The delivery time of the proof CD's is app. 2 to 3 weeks.

BG Photography edits EVERY picture from ANY event guaranteeing you the best possible quality on your images. This editing process takes time and I will not compromise on my quality work in favor of a faster delivery time.

3. How do I get all the pictures I want?

In order for me to give you the complete coverage that you desire, it is important to have all the attendants, parents and relatives, who are suppose to be in photographs, dressed and on time before the ceremony. You can also provide a list of special photographs to be taken.

I am looking forward meeting with you and show some of my work and answer all the questions you might have.

Of course, I can provide you also with references upon request.
